ROCK EPICO

Cinnamon - Smoke

Bigger, bolder and exceptionally beautiful. This is Rock Epico, born from the shape of NUD Collection's best selling light source, LED Rock.

The generous size of the organic shaped glass lends a sense of luxury and style to your home. When lit, shimmer plays inside the thick glass.

This is an art piece in your home and can be lit or not depending

on how much light you want it to emit.

Use an E27 light source by your choice. See our recommendation of light source for the Epico on page 7.

The Rock Epico looks stunning in private homes, but is also great for your business.

These lamps pair well in hotel entrances, restaurants and lounges. Hang several together for a striking installation.

**RECOMMENDED
FOR SMOKE**
