

THEVENON

MAISON FONDÉE EN 1908

PARIS

• PRINTEMPS / ÉTÉ 2026 •

La nature reste ma première source d'inspiration : ses lignes, ses mouvements, sa poésie. J'ai puisé dans mon répertoire de dessins pour créer des motifs colorés, joyeux et délicats, pensés pour apporter émotion et gaieté aux intérieurs.

La créatrice s'est inspirée des tissus ou des papiers peints qui tapissaient les murs des demeures familiales de son enfance, comme le château de Valençay, entre autres, qui a donné son nom à l'une des collections. Sa passion pour les jardins, et tout particulièrement pour les fleurs voluptueuses **Cordelia de Castellane** l'a hérité de sa grand-mère qui était également peintre et de sa mère, grande dame de la décoration. Ce goût pour la couleur et pour le foisonnement joyeux se retrouve dans les intérieurs chaleureux, colorés et vivants qu'elle réalise, où les mélanges d'imprimés semblent s'être faits d'eux-mêmes, en toute liberté.

Il est des rencontres qui s'imposent comme des évidences et deviennent des expériences à renouveler. Celle entre Pierre Sauvage pour **Casa Lopez** et Vincent Thevenon pour Thevenon en est incontestablement une. À la croisée de savoir-faire artisanaux et d'une sensibilité commune à la beauté, cette nouvelle collaboration scelle l'union naturelle de deux univers animés par une même passion : l'art de vivre à la française, sublimé par le tissu.
